A little vanity is a good thing.
Every woman should try, at all times,
to look her very best. But it certainly
must be discouraging to have your
mirror tell you that your hair is gray
when you are only thirty or fifty! Gray
hair adds twenty years to the
age. Why not look as young as you
are, or even younger?

Ayer's Hair Vigor

Always restores color to gray hair,
always brings back all the deep,
rich, beautiful color of early youth.
Perhaps the color of your hair suits
you, but you are losing the hair itself. You
are threatened with thin hair, rough
hair, scraggly hair. Your hair seems
weak, not well nourished. Then give
it Ayer's Hair Vigor, a true hair-
food. It stops falling hair, makes
the hair grow, and keeps it soft and
silky.

UNCLE SAM'S HAND IN SANTO DOMINGO

THE UNITED STATES WILL TAKE CHARGE OF THE ADMINISTRA-
TION OF THE SAN DOMINGAN CUSTOMS REVENUES AND AID IN
PUTTING ITS FISCAL SYSTEM ON A FIRM BASIS—THE POWER
GLAD TO HAVE IT DONE.

WASHINGTON, January 22.—After a
consultation with Secretary Hay the
following statement regarding the situa-
tion in Santo Domingo was issued by
Assistant Secretary Loomis today:

"The Dominican republic, after mat-
ure consideration of existing condi-
tions, has formally and freely invited
the Government of the United States
to assist in the administration of its
customs revenues and to aid in put-
ting its fiscal system upon a firm and
businesslike basis.

"The Government of the United
States having been explicitly, repeat-
edly and emphatically informed by
more than one of the great powers
that it ought to try to evolve some
order out of the financial chaos in the
Dominican republic or assent to an

award of the fiscal agent appointed
but only to promise to try to so or-
ganize and adjust the fiscal adminis-
tration of the country that in time
their liquidation may be accomplished
automatically and on a basis of equal-
ity toward all creditors.

"It is believed that if the Dominican
revenues are wisely collected and dis-
bursed, all legitimate claims against
the republic will be ultimately settled.

"In this connection it may be added
that under the award of the tribunal
of arbitration of January 14, 1904, be-
tween the United States and Santo
Domingo, in the sum of about \$4,500,-
000, the United States was given the
right eventually to take possession of
the principal ports of the northern
side of the island, and under the

tain European creditors of that re-
public doing this and to the adminis-
tration of Dominican custom-houses by
them, supported by their war ships.

has deemed it advisable, in view of
the unfortunate financial conditions
in Santo Domingo, which for the last
ten years have been rapidly growing
worse, to accept the invitation of the
Dominican Government and therefore
representatives of this Government
and of Santo Domingo have signed a
memorandum of a proposed agreement
looking to the American control of fi-
scal affairs in the Dominican Govern-
ment.

"The United States proposes to
guarantee the territorial integrity of
the Dominican republic.

"It is not the purpose of this Gov-
ernment to assume a protectorate over
Santo Domingo or to interfere with
or participate in its domestic affairs
any further than the collection of its
customs revenues, the necessary re-
vision of its tariff laws and the ad-
justment, through properly consti-
tuted tribunals or commissions, of its
foreign claims and its economic and
fiscal organization on a sound basis
may make it essential to do.

"President Morales has signed a de-
cree which will be published today,
in which the Government of the

by the United States, is now in pos-
session of the present Custom-house
at Puerto Plata.

"The unfortunate financial condi-
tion of Santo Domingo more than once
in the last decade has brought to the
United States Government instances
fraught with imminent peril. The
Government could not, with due self-
respect, allow the impression to deep-
en and gain currency that the Monroe
doctrine can be used as a shield by
American republics to deny justice to
other governments. Many foreign
claims are just beyond peradventure
and being held by citizens of various
governments, the problem became in-
creasingly more difficult as to how
these claims could be satisfied under
existing conditions, with fair treat-
ment toward all. In some respects a
still more embarrassing feature of the
situation has been that the Dominican
Government has been compelled by
force to pay grossly exorbitant claims,
and the question has arisen whether
the United States should interpose
in such cases. Such interposition has
never been resorted to except perhaps
once in our history.

"Another deplorable feature of the
financial situation in Santo Domingo
is that her revenues have been cri-
pled by granting, for a long, valuable

United States is officially asked to
take full charge of all the Dominican
custom-houses; to collect all the reve-
nues, 45 per cent of which are to be
returned to the Dominican Govern-
ment for its current expenses. The re-
mainder is to be used for interest
charges on the bonded indebtedness
and other obligations of the republic.
Any surplus will be turned over to
the Dominican Government. The ob-
ligations representing the bonded in-
debtedness are largely owned by for-
eign creditors.

"The Government of the United
States does not agree to guarantee the
debts of creditors of Santo Domingo.

concession which were exempted, by

interests have compelled the Domini-

can Government to disregard these
promises of exemption from taxation,
and this has resulted in numerous and
increasing appeals to the Department
of State to interfere.

"The Dominican Government itself
reached the conclusion that its only
hope of escape from bankruptcy was
through the assistance of the United

of its finances.

the President has deemed it wise at
this time to assent to the strongly
